

Bianco 

**High Quality Spinnign Cans for
Highest Quality Slivers**

BODY

High Density Polyethelene Body

Standard color is white, other colors are available upon request.

Top rings and rims can be in stainless or galvanized steel

Available can and kicking band colors

Color bands for top of the can

Bianco

COVERS

Injection Molded HDPE White Cover Plates

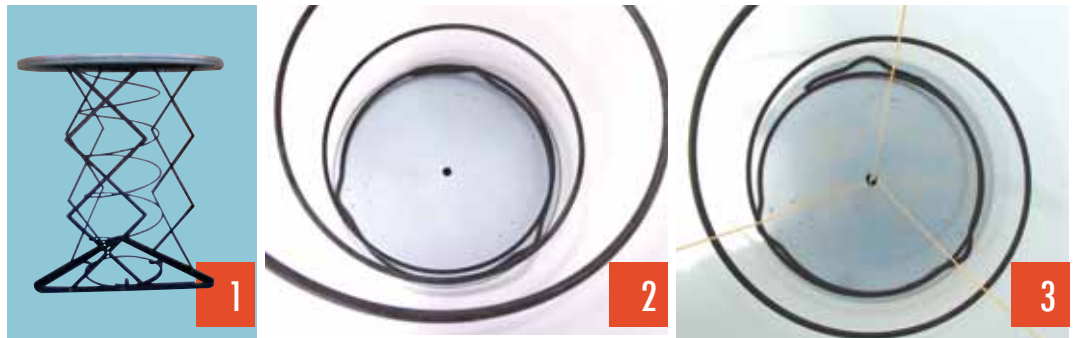

Only white color guarantees that the raw material used is virgin.

SPRING SYSTEMS

High Quality Heat Treated Springs

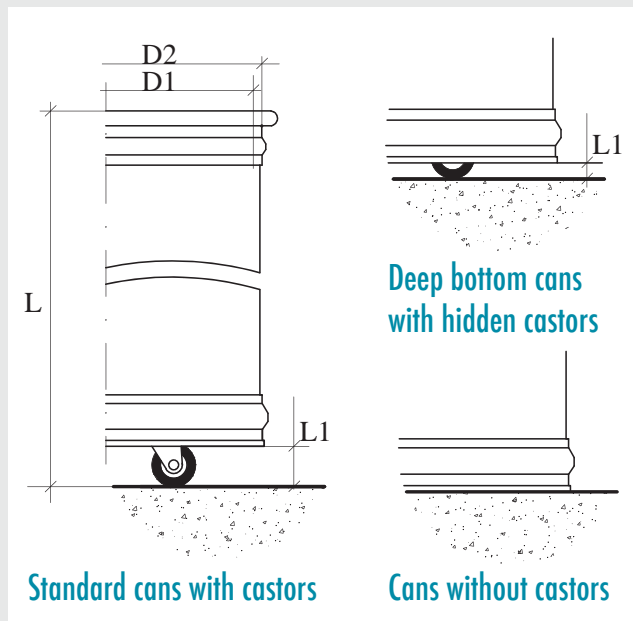

Anti-rust treated springs with maximum possible spring diameter to ensure stability and durability of springs

- 1 Standard Pantograph Spring System for cans larger than 800mm in diameter
- 2 No pretension is required due to wide diameter and precise tension of the springs
- 3 Pretension is available upon request (not recommended for OE systems)
